Jersey Central Power & Light
Hurricane Irene Update

Jersey Central Power & Light warns that individuals attempting to steal downed wires for copper are jeopardizing their own safety and that of the public, as well as hampering the storm restoration process. We urge residents to be on the lookout for wire theft in their communities.

Jersey Central Power & Light tree contractors never ask customers for money to clear downed trees and branches as part of our storm restoration process. There are reports of individuals posing as JCP&L contractors to remove trees, pocketing money, and leaving. We ask our customers to remain vigilant and refuse to pay anyone who claims to be clearing trees on our behalf.

Please call the Riverdale Police Department if you believe these activities are taking place in your neighborhood.

Thank you for your cooperation.

William Budesheim
Mayor
