

Insurance Requirements

Limits of Liability

No blanket standard can be adopted concerning policy limits to be required. The limits must be determined by the kind of exposure involved and the area in which the activity will be conducted. Therefore, the minimum acceptable limits of liability, including wrongful death, shall be \$1,000,000 per occurrence and Bodily Injury/Property Damage Liability shall be \$3,000,000 aggregate. However, the Insurance Fund Administrator shall have the authority to increase the above minimum limits of liability where an analysis of exposures indicates said minimums to be insufficient.

Certificates of Insurance

In all cases, the Borough shall be furnished with a Certificate of Insurance executed by an insurance company authorized to do business in the State of New Jersey and acceptable to the Borough. Said certificate shall list the coverage and limits of liability provided. It shall show the expiration date of the policy and require the insured to give at least 30 days advance notice to the Borough if the policy or any individual coverage is altered or canceled. Where a contract contains a hold harmless agreement, the Certificate of Insurance shall state specifically that the liability assumed under the agreement is covered under the contractual liability section of that policy.

The Borough of Riverdale is to be named as additional insured on the Certificate of Insurance.

Borough of Riverdale Showmobile

Post Office Box 6, Riverdale, New Jersey 07457
